The Lunar Nodes - Crisis and Redemption

"This book presents the ancient Hindu astrology in its occult and esoteric aspects. Traditional practitioners often failed to defend the veracity of the subject and dispel the scepticism of modern intellectuals. The ancient revelations have been restated here to meet contemporary requirements. The ancient seers presented Vedic Astrology under various assumptions and in allegorical and symbolic languages. They assumed polydimensional extension of human consciousness which was closely related with planetary impulses. Apart from the general approach to this ancient science, the study presents in depth the astrological description of the nature of man. It also provides deeper implications of various planetary combinations. Advanced practitioners as well as general readers will find the book informative, illuminating and highly rewarding.

The 27 Celestial Portals
"Ever since my first journey to India I have desired to share the knowledge I was fortunate enough to receive. I have also felt a need to dispel some rather major misconceptions, the main one being the fact that Hindu astrology is extraordinarily difficult. This is not true, as will soon hopefully be revealed. Although I have always been most fascinated with astrology because of the philosophical implications and revelations which can be extracted. I have done my best to keep philosophy from this work, as that is not my present purpose. It is my intention only to present Hindu astrology in a way that it deserves to be presented, which is long overdue -- a way which western astrologers can understand and utilise, and which will clear away the mystery and finally put into perspective the enormously complex techniques which make up the bulk of most textbooks on the subject. Having worked with both Hindu and western systems, it is my experience that the two greatly complement each other and together form the basis for a complete and profound astrology." -- taken from the Introduction.

The Nakṣatra Sūtra is a treasure found in the Taittirīya Brāhmaṇa, a branch of the ancient Yajur Veda. Because of this, it holds unique importance and unparalleled authority among nakṣatra texts, for it allows us to understand the nakṣatras in much clearer accord with the Vedic sages who originally envisioned them. I also supplement the book with other sections from the Taittirīya Brāhmaṇa that also talk about the nakṣatras, and with a section entitled, The True Story of the Nakṣatra Gods: a dramatic narration of the 27 nakṣatra divinities, focused on what is most relevant to their nakṣatra's symbolism. This original work pulls together diverse Purāṇic and Vedic source material to paint a vivid picture of often unknown tales and details essential for fully understanding the subtleties of the 27 Vedic stars.

**Brady's Book of Fixed Stars**

This volume is newest installment of the series, The Secret History of the Vedas. This is a book of astrology like no other. This book presents an entirely new view of astrology as originally conceived by the Vedic astrologer. The Spiritual Legacy of the Nakshatras focuses on the Vedic lunar mansions in the sky and attempts to reveal their wisdom. It attempts to explain the numerous references to all things astronomical and astrological according to the Vedas and explain the true purpose of reading the stars. It traces the creation of the universe from the very beginnings of time and space to the development of the Nakshatras. It shows how this evolution guides the worshiper in the spiritual journey. The Vedic astrologer also describes the wisdom contained in the Nakshatras and methods by which this wisdom may be incorporated into the worshiper's life. Because this is what the Nakshatras have to give. The purpose of the lunar mansions was not to tell the future, but to guide the worshiper, to provide the religious edification of the worshiper in the now and present, and to provide the spiritual and religious structure to the Vedic dharma. Accordingly, this book is not concerned with forecasting into the future. It is as astrology was intended to be—a vehicle of spiritual advancement. It is all explained in and through The Vedic Astrologer.
